It is always nice to hear  
what visitors feel about their  
discovery of Kot Man-Ya.

After 33 months in operation,  
we are happy to reveal a few  
of the comments our guests  
have left which are highly  
appreciated by us and which  
may be of interest to you.

The comments are kept in the  
“Visitors’” Book in the Garden’s  
Creole Plantation House.

We are a group of P3 students from Glacis School to visit the glamorous garden. All pupils felt great about the garden. It is as if we were in a world of its own with the variety of special flowers. Continue; keep the garden as it is. Thank you very much for the warm welcome.

Le paradis n'est pas sur terre...mais il y en a des morceaux...la preuve en est ce jardin...qui nous a ébloui de couleurs, de richesses, de tant de fleurs qui sont éclatantes tels des bijoux éphémères.

I have visited a little corner of heaven. I wonder if I will like the real one as much! I guess I will cause it belongs to this world's artist. Thank you for sharing it with the world. Sorry I missed you.

Et bien quand on pense déjà connaître les fleurs, on en apprend toujours !!! Quel délice de flânerie dans ce jardin et d'être surpris à chaque détour pour une nouvelle « perle » seychelloise  
Splendide.

What can one write to justify one's amazement of this live work of art that gives so much peace, tranquillity and pleasure to the eyes as well as inquisitiveness to the mind.

Marc Congratulations – this is so very interesting and amazing – keep it up.

The experience of a lifetime in the Seychelles. So near to the main road yet so hidden among the wilderness.

Great work Marc & Team

Merci pour ce bon moment de nature passé avec un guide charmant et plein d'authenticité. Je me souviendrais de mes 60ans parmi toutes ces beautés. Je garderais longtemps ce bouquet de fleurs. Encore merci.

Le jus de citron etc...est un régal.

Thank you Winselle. Your garden is the place we have loved the most during our stay in Seychelles so far!! Your guidance through the garden has made our day...and the delicious lime juice too! Never tasted juice like this before, will try to make it at home using the "secret ingredient" you told us about. We are leaving this garden with a smile stretched from ear to ear! Thank you for sharing your thoughts with us, we have really enjoyed talking to you!!!
